Mission of the Council

- SB 1380 was signed on September 29, 2016.
- SB 1380 tasked the State to identify all programs that provide housing or housing-related services to people experiencing homelessness, or at-risk of homelessness, and implement them using a "Housing First" policy.
- In order to help accomplish this task, SB 1380 also established the creation of a Homeless Coordinating and Financing Council (HCFC) to oversee the implementation of the Housing First guidelines and regulations and to identify resources, benefits, and services to prevent, and end, homelessness in California.
- The Council was established in 2017 and held its first quarterly meeting on October 10, 2017.

HCFC Priorities

- Housing First Policy
- Explore the development of a statewide data integration project.
 - A Homeless Management Information System (HMIS) is a local information technology system used to collect client-level data and data on the provision of housing and services to homeless individuals and families and persons at risk of homelessness.
 - Each CoC in the State of California is responsible for selecting an HMIS software solution that complies with HUD's data collection, management, and reporting standards.
 - There are multiple vendors for HMIS
 - That data is submitted directly to HUD
- Execution of HEAP

HEAP Grant Overview

- HEAP is a \$500 million block grant program designed to provide direct assistance to cities, counties and Continuums of Care to address the homelessness crisis throughout California.
- Designed to provide immediate, one-time, flexible funding.
- Provides support until additional resources are available (i.e. SB 2, No Place Like Home, SB 3).

Eligible Applicants

- Applications for HEAP funds will only be submitted by the 11 large cities and the 43 CoCs identified in the HEAP Program Guidance-Attachment B.
 - A large city is defined as having a population of 330,000 people or more, as of January 1, 2018.
 - A large city is also eligible to receive funds through the CoC, if and when the CoC submits their application.
- Individual persons, cities (not identified as one of the 11 large cities), counties, and/or nonprofit organizations are not eligible to apply directly to HCFC for HEAP funds. Those interested in receiving HEAP funds will apply directly to their local CoC.

Available Funding

HEAP funding is divided into 3 categories of distribution.

| Category for Distribution | Funded Amount | Eligible Applicants |
|--|---------------|---|
| (a) CoC -Based on Point in Time Count Ranges | \$250M | CoC |
| (b) CoC -Based on Percentage of Homeless Population | \$100M | CoC |
| (c) City / City that is also a County -Based on general population | \$150M | Large cities with a population over 330,000 |

- Although there are two categories of funds for the CoCs, only one application will be submitted for the total amount of the CoCs allocation.
- Only one application will be submitted by each large city for the total amount allocated.

Eligible Uses of HEAP Funds

- HEAP funds are intended to provide immediate emergency assistance to people experiencing homelessness or at imminent risk of homelessness.
- The parameters of the program are intentionally broad to allow local communities to be creative and craft programs that meet the specific needs that have been identified.
- Applicants will include in their proposals how the proposed activity is directly related to providing immediate emergency assistance to people experiencing homelessness or at imminent risk of homelessness.
- The uses must align with California's Housing First policy.

Eligible Uses of HEAP Funds (continued)

Services: Street outreach, health and safety education, criminal justice diversion programs, homelessness prevention activities, and other service activities.

Rental assistance or subsidies: Housing voucher, rapid re-housing programs, flexible housing subsidy funds, and eviction prevention strategies.

Capital improvements: Emergency shelter, navigation centers, transitional housing, permanent supportive housing, small/tiny houses, and improvements to current structures that serve homeless individuals and families.

Administrative costs: are allowed for both the AE and sub-recipients, but capped at five percent of program funds. This does not include staff costs directly related to carrying out program activities.

Other: Some communities are discussing solutions to address homelessness and the public health crisis by using funds for handwashing stations or public toilet and shower facilities.

Ineligible Uses of HEAP Funds

- Generally, if HEAP funds are used to pay for activities that serve homeless individuals or families or those at imminent risk of homelessness, the uses are allowed, with the following restrictions:
 - Jurisdictions that have not declared a shelter crisis may not be the direct recipient of HEAP funding.
 - CoCs, cities, counties, and nonprofit organizations may not use HEAP funds for capital projects, such as building or expanding a shelter or navigation center, or for rental assistance, within a jurisdiction that has not declared a shelter crisis.
 - HEAP funds cannot be used to fund HMIS infrastructure or improvements.
 - HEAP funds cannot be used to create a strategic plan for addressing homelessness.
 - HEAP funds **cannot** be expended after June 30, 2021. Any long-term projects that would require payment after that date are not appropriate uses of HEAP funds.
 - Expenditures not intended for the purposes of providing aid for persons who are homeless or at imminent risk of homelessness are not appropriate uses of HEAP funds.

Homeless Youth Set Aside

- At least five percent of HEAP funds must be used to establish or expand services meeting the needs of homeless youth or youth at risk of homelessness.
- 5 percent is the MINIMUM, there is no maximum.
- The HEAP team encourages and expects local CoCs and large cities to work with youth advocates and youth service providers to determine the most appropriate services for this target population.
- Consistent with other state and federal definitions, HCFC considers "homeless youth" to mean an unaccompanied homeless individual who is not older than 24, for purposes of HEAP. Homeless individuals not older than 24 who are parents are included in this definition.

Technical Assistance

- HCFC will provide ongoing technical assistance and training to support CoCs and large cities.
- HCFC has partnered with Housing and Community Development (HCD) to conduct workshops and roundtable discussions throughout California.
- HCFC has additional outreach meetings and webinars scheduled.
