Section 5: Qualitative Assessment

1. Describe how HEAP funds have contributed to your Continuum of Care making progress towards local homeless goals (e.g. additional services provided, capacity created, systems building, investments made, lower waitlists, etc.)

Our HEAP funding has injected a vital boost in capacity for our Continuum of Care. Funds have supported the facility work necessary to create entirely new services and sheltering capacity at Building Bridges - a full-service navigation center and emergency shelter in Ukiah. Funds have also provided vital improvements at our local domestic shelter and our homeless shelter and navigation center in Fort Bragg. HEAP funds have also expanded the ability of our County Office of Education to provide food and services to hundreds of children experiencing homelessness. Our Continuum of Care is especially enthusiastic about allocating HEAP funds to two large, new, Permanent Supportive Housing projects in Fort Bragg and Ukiah. These projects will provide new housing for some of our most vulnerable homeless residents. Overall, HEAP funding has provided catalyst funding to substantially increase capacity to both serve and house homeless individuals and families in Mendocino County.

Please note that this report does not include substantial demographic information related in Section 3: Outcomes. The majority of our HEAP-funded projects were still in the development and/or construction phase by the end of the reporting period. As such, homeless individuals have not yet benefited from these incomplete capital projects. In our next annual report, we anticipate a significantly more detailed summary of individuals served by HEAP funds.

2. Describe how HEAP funds have contributed to your Continuum of Care making progress towards local youth homelessness goals (e.g. additional services provided, capacity created, systems building, investments made, lower waitlist, etc.)

HEAP funding has provided additional services and capacity for youth homeless as follows:

- 1) Funding has allowed Mendocino County Office of Education to expand their nutritional and other services to homeless children. The number of children served with weekend meals has increased from roughly 100 children to 223 children served in the last reporting period.
- 2) Funding will provide facility improvements to the domestic violence shelter in Ukiah. At present, this shelter operates from an older home with only a single bathroom to serve up to five families at a time. The inadequate bathroom space has limited the number of families fleeing domestic violence that the facility can comfortably provide. With the successful completion of a new bathhouse, built with HEAP funding, this shelter will be able to serve additional families and children for decades to come.

3. Describe the alignment between HEAP-funded activities and "Housing First" principles (as defined in Welfare and Institutions Code section 8255).

All HEAP-funded activities are aligned with Housing First principles. Services are provided with very limited or no barriers to participation, and these principles are embedded within the language of HEAP-funded subcontracts. Once constructed, HEAP-funded new housing will fully comply with Housing First principles in allocating housing for those who qualify for Permanent Supportive Housing. These projects will be obligated to use the CoC's Coordinated Entry system to allocate housing resources according to an impartial vulnerability score.

4. Please provide any additional feedback on the impact of HEAP funds that you would like to share with the Homeless Coordinating and Financing Council. (Optional)
