Section 3: Outcomes

Outcome data is for project types funded by HEAP. For the tables asking for the numbers of participants in each project or project type, one participant may be counted in more than one column.

The number in the "Total" column, however, should be of the number of unduplicated individuals as opposed to the sum of the numbers in that row.

Section 5: Qualitative Assessment

1. Describe how HEAP funds have contributed to your Continuum of Care making progress towards local homeless goals (e.g. additional services provided, capacity created, systems building, investments made, lower waitlists, etc.)

Contributions of HEAP funds toward our strategic plan goals have included all of the following listed by plan goal areas: (1) Transforming the Crisis Response System: Expanding and improving coordinated entry; expanding prevention programs; increasing shelter/navigation center capacity (by 30%); improving linkages from shelter to housing; enhanced health and hygiene for unsheltered persons; expanding and integrating outreach; supported on-stop center in South County. (2) Increasing Access to Permanent Housing: Increasing RRH capacity; and adding subsidies linked to PH. (3) Integrating Systems and Community Support: reducing public perception and costs of street homelessness; increased access to mainstream benefits/employment services for varied homeless populations; improved homeless system coverage in South County and San Lorenzo Valley coverage; and reduced crime relating to unsheltered homelessness. (4) Initiating a Response to Youth & Young Adult (Y&YA) Homelessness: Added to the Continuum of housing options for homeless Y&YA, including host homes pilot; helped prevent Y&YA from falling out of foster care into homelessness; helped in establishing a Y&YA drop in center with emergency beds; support our YHDP Initiative with additional resources; and strengthened the network of Y&YA providers.

2. Describe how HEAP funds have contributed to your Continuum of Care making progress towards local youth homelessness goals (e.g. additional services provided, capacity created, systems building, investments made, lower waitlist, etc.)

The above strategic plan goals were reviewed, expanded, and developed through our successful YHDP planning process. The following specifies how \$1.27 million in youth-targeted HEAP funds have contributed to key projects of our \$2.20 million YHDP Initiative: (1) added \$58,300 in capacity and services to Host Homes pilot; (2) added \$422,835 in capacity and services to the Youth Homelessness Response Team; and (3) and provided \$787,003 to help fund establishment of the youth drop-in center. Contributions of HEAP funding toward YHDP Initiative goals: (1) establishing a single point (drop in center) for Y&YA to access services; (2) expanding the continuum of Y&YA housing with varied options; (3) expanded and improved the integration of the Y&YA service system, including healthcare, education, employment, mental health, and substance treatment; (4) better integrated Y&YA into the CES system; and (5) better connecting schools with Y&YA programs.

3. Describe the alignment between HEAP-funded activities and "Housing First" principles (as defined in Welfare and Institutions Code section 8255).

The County and CoC have been committed since the outset to aligning HEAP investments with Housing First principles. For example, since 2017 the CoC Program Standards have specifically required that programs funded by CoC or State sources comply with Housing First as defined in Section 8255. The local HEAP stakeholder input process prioritized Housing First, the local HEAP RFP required that applicants agree to adhere to Section 8255 Housing First principles as a condition of funding, and the local HEAP application required applicants to explain exactly how they would adhere to Housing First principles. Furthermore, all sub-recipients HEAP contracts include a Scope of Work sub-section setting forth required steps for adhering to Housing First principles. Finally, through critically important State-funded technical assistance all providers, HEAP sub-recipients, and CoC Leadership staff directly received training from HomeBase on Housing First principles during the course of two peer cohort trainings. As a result, participants in the trainings have a much better understanding of the Section 8255 Housing First principles, why they are important, how to best comply with them.

4. Please provide any additional feedback on the impact of HEAP funds that you would like to share with the Homeless Coordinating and Financing Council. (Optional)
