# EXECUTIVE SUMMARY

## Vision and Intent and this Action Plan

On any given night, more than 151,000 people are experiencing homelessness in California, representing more than one-quarter of all people experiencing homelessness in the United States. Making significant progress in preventing and ending homelessness across the state will require sustained and focused efforts at the Federal, State, and local levels. Through this Action Plan, the Homeless Coordinating and Financing Council (HCFC), the State's interagency council on homelessness, is pursuing a vision for the Council and the State's work to prevent and end homelessness that features:

- Increased leadership from the State for identifying and supporting short-term and long-term solutions;
- Purposeful, action-oriented coordination and alignment across State agencies and programs; and
- Stronger, collaborative partnerships with public and private partners in communities.

This Action Plan orients the State's efforts to drive purposeful, meaningful, and measurable progress toward preventing and ending homelessness in California, motivated by a vision of a future in which homelessness in California is: **rare, because it is prevented** whenever possible; **brief, ended quickly whenever it does occur**, through a focus on Housing First approaches and housing outcomes; and a **one-time experience, ended successfully the first time**, so that no Californians experience homelessness repeatedly.

The implementation of this Action Plan will be aligned with several **key principles and practices**, including:

- ✓ Pursuing racial equity and justice;
- ✓ Creating solutions for the full diversity of people experiencing homelessness;
- ✓ Seeking and valuing the expertise of people with lived experiences of homelessness;
- ✓ Aligning State activities with Housing First approaches;
- ✓ Balancing crisis response and permanent housing solutions; and
- ✓ Shared responsibility, accountability, and efficiency across State departments and programs, in close coordination with local communities.

## Driving Progress Across Five Action Areas

The Action Plan will drive progress across five (5) distinct but interrelated and complementary Action Areas, inclusive of the full range of actions necessary to prevent and end homelessness.

### Action Area 1. Strengthening Our Systems to Better Prevent and End Homelessness in California

Activities focused on pursuing racial equity in response to homelessness and housing instability; engagement and partnership with people with lived expertise from experiences of homelessness; supporting interjurisdictional and regional planning; partnerships to strengthen outcomes related to education, employment, income, and assets; disaster preparedness and response; and communications and public awareness.

### Action Area 2. Equitably Addressing the Health, Safety, and Services Needs of Californians Experiencing Unsheltered Homelessness

Activities focused on addressing health and safety needs and increasing access to State-supported services and programs for people who are experiencing unsheltered homelessness.

### Action Area 3. Expanding Communities' Capacity to Provide Safe and Effective Sheltering and Interim Housing

Activities focused on expanding the supply of safe, housing-placement focused sheltering and interim housing models and addressing health and services needs of people staying within such programs.

### Action Area 4. Expanding and Ensuring Equitable Access to Permanent Housing in Our Communities

Activities focused on strengthening Housing First approaches and expanding permanent housing opportunities through development strategies, short- and long-term rental assistance, and other rehousing activities.

### Action Area 5. Preventing Californians from Experiencing the Crisis of Homelessness

Activities focused on reducing entries into homelessness as people exit and/or receive services through State-funded programs and systems and enhancing communities' capacity to provide targeted homelessness prevention and diversion services and assistance.

## Implementation and Performance Measurement

The Action Plan covers the State's FY 20-21 through FY 22-23, focused on the highest-priority strategies and efforts that will have the greatest impact. The Council will update this Action Plan ahead of FY 22-23 to make any modifications to the Plan's Objectives and to identify more specific Activities to be implemented during FY 22-23.

HCFC and its member departments will pursue the Plan's vision with shared accountability across State departments and with local partners. The Action Plan will be implemented through existing teams and structures, and also through the planned formation of five (5) interagency Working Groups, including State staff and external stakeholders and partners, focused on:

- Maximizing the Impact of **State Funding** and Programs Addressing Homelessness
- **Racial Equity** in Responses to Homelessness and Housing Instability
- Tailoring Strategies for Preventing and Ending Homelessness for **Youth and Young Adults**
- Strengthening **Employment Opportunities** and Outcomes for People with Experiences of Homelessness
- Preventing Homelessness Among People **Transitioning Back into Communities from Corrections Settings**

This Action Plan requires a sharpened focus on performance measurement, data, and analyses. Performance measures are identified for every Activity, and implementation progress will be reported to the Council on a regular basis. HCFC will use data from the State's newly developed Homeless Data Integration System, from the U.S. Department of Housing and Urban Development, and from the California Department of Education in order to assess the impact of Federal, State, and local efforts, to document and analyze racial inequities, and to refine this Plan's Objectives and Activities.

## Conclusion

Driving progress on preventing and ending homelessness, and toward racial equity, requires multi-pronged, multi-year strategies across sectors and systems, supported by data analyses, performance measures, and metrics to assess, refine, and revise those strategies. The development and adoption of this Action Plan is a significant step forward for HCFC and for the State of California. This Plan represents a commitment to action-oriented coordination across State agencies and programs and deeper collaboration with public and private partners in communities, in pursuit of a future in which homelessness in California is a rare experience, prevented whenever possible, and is a brief and one-time experience when it cannot be prevented.

# THE CALIFORNIA HOMELESS COORDINATING & FINANCING COUNCIL

Homelessness in California requires urgent actions and sustained, long-term efforts across all levels of government and across the public and private sectors. **The California Homeless Coordinating and Financing Council (HCFC) serves as the State's interagency council on homelessness, providing leadership, coordination, and guidance to strengthen and align efforts across all of State government.**

HCFC was created in 2017 to oversee the implementation of Housing First policies, guidelines, and regulations to reduce the prevalence and duration of homelessness in California. The Council's mission is to develop policies and to identify and coordinate resources, benefits, and services to prevent and work toward ending homelessness in California.

HCFC's current activities, and activities forecast within this Action Plan, are designed to fulfill its charter to oversee implementation of California's Housing First guidelines and to achieve eighteen statutory goals, including five youth-related goals identified through SB 918 in 2018. HCFC pursues those statutory goals through both a Council of state leaders and a team of staff within the Business, Consumer Services and Housing Agency.

The Council, chaired by the Secretary of the Business, Consumer Services and Housing Agency (BCSH), is a committee comprising representatives from ten State departments with up to ten additional community members, individuals representing community organizations, including individuals appointed by the Governor and people with lived expertise of homelessness.

**HCFC will be responsible for monitoring the implementation and for updating this Action Plan on an annual basis to adjust and tailor its**

**Objectives and Activities.** Council members from State agencies are responsible for mobilizing actions and accountability across their agencies in support of the Action Plan's implementation. HCFC staff and senior staff across State agencies will be responsible for ensuring that the Activities committed to in this plan are implemented and well-coordinated, and for reporting to the Council on its implementation, regarding the measures identified within the Action Plan and progress toward fulfilling HCFC's statutory requirements.

Led by the BCSH Deputy Secretary for Homelessness, the team at HCFC includes up to twenty-nine State staff who:

- Implement two major grant programs, the Homeless Emergency Aid Program (HEAP) and the Homeless Housing, Assistance and Prevention Program (HHAP);
- Oversee the development and ongoing management of the Homeless Data Integration System (HDIS);
- Coordinate Council activities across State agencies and departments to ensure alignment with the Council's policy priorities and best practices; and
- Work in partnership with Continuums of Care (CoCs), Federal agencies, city and county governments, non-profits, housing and services providers, and others.

HCFC staff also work in consultation with the Governor's Office and with the Legislature as subject-matter policy experts to guide and strengthen the State's response to homelessness.

*See Appendix Exhibit A for documentation of HCFC's statutory requirements.*

# ACTION PLAN'S VISION

In developing and implementing its first-ever Action Plan, HCFC is pursuing a vision for the Council and the State's work to prevent and end homelessness.

## The vision for this plan features:

- Increased leadership from the State for identifying and supporting short-term and long-term solutions;
- Purposeful, action-oriented coordination and alignment across State agencies and programs; and
- Stronger, collaborative partnerships with public and private partners in communities.

## In pursuing this vision, HCFC recognizes that:

- The response to homelessness in California must address and reduce well-documented racial inequities in who experiences housing instability and risks of homelessness, in who experiences homelessness, and in how people are served and outcomes achieved within homelessness response systems;
- Progress will require multi-pronged, multi-year strategies to enhance every element of our responses to the housing, services, health, and public health needs of people experiencing and at-risk of homelessness; and that
- State agencies need to act with shared responsibility and mutual accountability, and must implement effective data analyses, performance measures, and metrics to assess, refine, and revise those strategies.

The vision for this Action Plan is not simply making changes in how HCFC and State

agencies do their work. This Action Plan seeks to orient the State's efforts toward driving purposeful, meaningful, and measurable progress toward preventing and ending homelessness in California.

---

**The collaborative development of this Action Plan has been driven by a vision of a future in which homelessness in California is rare, because it is prevented whenever possible; brief, ended quickly whenever it does occur, through a focus on Housing First approaches and housing outcomes; and a one-time experience, ended successfully the first time, so that no Californians experience homelessness repeatedly.**

---

The development and implementation of this Action Plan creates commitments and structures through which HCFC and its member departments will pursue that vision relentlessly, with shared accountability across State departments and with local partners, and with a sharpened focus on data and analyses that will help assess progress and inform adjustments to sharpen strategies and activities.

# ACTION PLAN'S FIVE ACTION AREAS

Reflective of the perspectives provided through stakeholder conversations, this Action Plan is also deeply informed by the national [Framework for an Equitable COVID-19 Homelessness Response](#) and is structured into five (5) distinct but interrelated and complementary Action Areas, inclusive of the full range of actions necessary to prevent and end homelessness.

## **Action Plan's Objectives**

The Action Plan identifies a total of fifteen (15) Objectives to be prioritized and pursued across the five (5) Action Areas, as described below. For each Objective, the Action Plan further details:

- Activities to be implemented to drive progress toward achievement of the Objectives
- The Lead Department or Departments responsible for implementing each Activity
- The Collaborating Departments deeply involved in implementing each Activity
- Timeframes for each Activity
- Performance Measurements that will be used to assess progress and impact, inclusive of process measures, output measures, and, when possible, outcome measures.

## **Timeframe for this Action Plan: Fiscal Year 20-21 through Fiscal Year 22-23**

This Action Plan identifies Objectives and Activities that cover the State's FY 20-21 through FY 22-23. It is not intended to be

inclusive of every strategic activity or investment that State agencies or the Council will undertake, but instead seeks to focus on the highest-priority strategies and efforts that will have the greatest impact.

The Action Plan includes efforts that have been implemented or are underway in current FY 20-21 in order to document current activities, to recognize significant and meaningful efforts under way, to align them within this Action Plan's Objectives, and to incorporate those Activities into the accountability mechanisms and measurement systems that the Council and HCFC staff will use to manage and monitor the implementation of this Action Plan.

The Council will update this Action Plan ahead of FY 22-23 to make any modifications to the Plan's Objectives and to identify more specific activities that will be implemented during FY 22-23.

## ACTION AREA 1

### Strengthening Our Systems to Better Prevent and End Homelessness in California

---

#### ► Objective 1

Strengthen racial equity-focused responses, strategies, and activities of State agencies and of local agencies and organizations receiving State funding for any homelessness services and housing activities.

#### ► Objective 2

Ensure that State and local planning and decision-making processes are deeply informed and guided by recommendations from people with lived expertise from experiences of homelessness.

#### ► Objective 3

Incentivize interjurisdictional and regional planning, decision-making, and accountability, and support capacity for such coordination through “mapping” and local gaps analysis activities focused on needs, demographics and inequities, and service delivery capacities.

#### ► Objective 4

Enhance partnerships between homelessness services systems and services and systems which can support asset building and wealth building, including improving access to educational opportunities and employment services and employment for people experiencing and exiting homelessness.

#### ► Objective 5

Support California communities to develop disaster preparedness plans that are more inclusive of the needs of people experiencing homelessness.

#### ► Objective 6

Expand State communications efforts to create public awareness of the State's homelessness strategies, successes, challenges, and the importance of Housing First approaches.

## ACTION AREA 2

### Equitably Addressing the Health, Safety, and Services Needs of Californians Experiencing Unsheltered Homelessness

---

#### ► Objective 7

Continue to support California communities to implement multi-agency, multi-jurisdictional outreach and protective measures addressing the health and safety needs of people experiencing unsheltered homelessness, throughout the COVID-19 pandemic and beyond.

#### ► Objective 8

Improve access, and address racial inequities within such access, to essential State-supported services appropriate for the needs of people experiencing unsheltered homelessness, including through Medi-Cal and behavioral health care reforms.

## ACTION AREA 3

### Expanding Communities' Capacity to Provide Safe and Effective Sheltering and Interim Housing

---

#### ► Objective 9

Partner with communities to implement innovative approaches and expand the supply of safe, housing-placement focused sheltering and interim housing models for Californians experiencing homelessness.

#### ► Objective 10

Expand alignment and engagement of State resources, including Medi-Cal and behavioral health care resources, in efforts to address health disparities and services needs among Californians temporarily staying within sheltering and interim housing options.

ACTION AREA 4

## Expanding and Ensuring Equitable Access to Permanent Housing in Our Communities

---

► Objective 11

Mobilize State resources, technical assistance, and guidance to strengthen implementation of Housing First approaches and other best practices in support of equitably and urgently rehousing people from Project Roomkey sites, from other temporary settings, and from unsheltered homelessness.

► Objective 12

Foster the creation of an expanded supply of affordable and supportive housing opportunities, paired with appropriate health and behavioral health care resources, and accessible and culturally responsive to people exiting homelessness, to people at lowest income levels, and to people from historically marginalized communities.

► Objective 13

Improve access to short- and longer-term forms of rental assistance to encourage innovations, to support racially equitable and successful exits from homelessness, and to support housing development activities.

ACTION AREA 5

## Preventing Californians from Experiencing the Crisis of Homelessness

---

► Objective 14

Reduce entries into homelessness as people exit and/or receive services from State-funded settings and systems, addressing racial inequities within risks of experiencing homelessness, with initial focus on people re-entering communities from jails and prisons, young adults connected to the child welfare and/or juvenile justice systems, and people exiting health care settings and programs.

► Objective 15

Enhance communities' capacity to provide targeted homelessness prevention interventions and to successfully divert people from entering shelter or experiencing unsheltered homelessness.

# KEY PRINCIPLES AND PRACTICES

## **Pursuing Racial Equity and Justice**

The historic – and very current – causes of racial injustice and inequities in housing and homelessness, and the racially disparate impacts of housing instability and homelessness, are clear, stark, and even deadly. HCFC and its member agencies are committed to deepening their knowledge and understanding of these issues, and to taking action through the implementation of this Action Plan, with a focus on racial justice and equity and the formation of an interagency Working Group focused on racial equity in housing and homelessness.

## **Creating Solutions for the Full Diversity of People Experiencing Homelessness**

The Objectives and Activities are designed to support progress toward preventing and ending homelessness for all people and populations, but HCFC also recognizes that strategies, activities, and programs must be trauma-informed and tailored to address the specific needs of people with different experiences and identities – including youth and young adults, families with children, adults, older adults, women, people who identify as LGBTQ+ or gender-non-conforming, Veterans, people with disabilities, survivors of domestic and intimate partner violence, and other people.

## **Seeking and Valuing the Expertise of People with Lived Experiences of Homelessness**

Effective and efficient systems, programs, and strategic decisions for preventing and ending homelessness are strengthened when they are deeply informed by and guided by people who have expertise that is grounded in lived experiences of homelessness. HCFC will strengthen its partnerships with people with lived expertise through the formation of a new Lived Experience Advisory Board, who will deeply inform the implementation of Activities throughout this Action Plan, and will also encourage and support communities to further center the voices of people with lived experiences of homelessness within their local planning, decision-making, and activities.

## **Aligning State Activities with Housing First Approaches**

While awareness, understanding, and implementation of Housing First approaches have expanded in recent years, a sustained focus on Housing First within communications, guidance, technical assistance and training, and the implementation of State programs is needed. The implementation of every element of this Action Plan will be based upon and help advance a focus on strengthened Housing First approaches, removing barriers to and fundamentally focused on ensuring people have access to permanent housing and the right level of services to support their success, as quickly as possible.

## **Balancing Crisis Response and Permanent Housing Solutions**

While recognizing permanent housing is the only true solution to homelessness, the thousands of Californians experiencing homelessness right now are facing urgent and dangerous crises every single day. HCFC and its member agencies will balance a focus on the immediate crisis needs of people experiencing homelessness, through supportive and non-punitive approaches, with efforts to create the necessary permanent housing options at the scale needed.

## **Shared Responsibility, Accountability, and Efficiency**

Creating the scale of solutions needed to prevent and end homelessness will require focused, aligned, sustained, and efficient long-term actions and investments across Federal, State, and local government, and that are supported by private partners. In the implementation of this Action Plan, HCFC will foster and rely upon increased coordination and shared responsibility and accountability across State departments and programs, and will work in close coordination with local communities, in order to create the solutions Californians experiencing homelessness need and support the greatest impact of financial resources and programs.

# FORMATION OF NEW WORKING GROUPS TO DRIVE ACTIONS AND PROGRESS

The execution of this Action Plan will be supported through the formation of five (5) Working Groups charged with implementing specific Activities, and with developing plans for additional Activities. Each are aligned with priorities identified by stakeholders and partners during the development of this plan. Some of these Working Groups may be relatively time-limited, while others may be sustained for longer terms or on an ongoing basis. The efforts of the first Working Groups to be formed (Working Groups 1, 2, and 3) will span across all Action Areas. The others (Working Groups 4 and 5) will focus on driving further progress in efforts most connected to Action Areas 1 and 5, respectively.

These Working Groups will actively involve external stakeholders and partners alongside State staff, either in advisory roles or as official members of the Working Groups. During the 4th Quarter of FY 20-21, HCFC staff will develop plans and processes for the formation of the first Working Groups and processes for recruiting and engaging external stakeholders with relevant areas of expertise, including people with expertise from lived experiences of homelessness. The information provided below identifies HCFC member departments who are expected to be represented on the Working Groups. Representatives will also be recruited from other relevant departments who are not currently on the Council.

Each Working Group will be charged with addressing racial inequities and with tailoring solutions and strategies for different populations of people experiencing homelessness – such as youth and young adults, families with children, adults, older adults, women, people who identify as LGBTQ+ or gender-non-conforming, Veterans, people with disabilities, survivors of domestic and intimate partner violence, people transitioning out of corrections settings, and other people.

The Working Groups will develop priorities, implementation plans, and measures to guide their actions, and will assess the implementation and impacts of their efforts. Working Groups will regularly report back on their efforts and progress through the quarterly Council meetings.

The following five (5) Working Groups will be formed during FY 21-22 and FY 22-23.

Working Group 1

Working Group 2

Working Group 3

Working Group 4

Working Group 5

## 1. Maximizing Impact of State Funding and Programs on Homelessness Working Group

### State Funding and Programs Working Group

---

*Comprised of State staff only, but informed by external stakeholders, and charged with:* identifying opportunities for streamlining deployment of State funding; improving access to funding and programs for organizations deeply engaged with historically marginalized communities, including Tribal communities; documenting and projecting the cumulative impact of State funding, programs, and initiatives on the creation or provision of housing opportunities for people exiting homelessness; creating clearer standards for the housing and services interventions to be supported by State funding and programs; collecting and analyzing data on current state funding, programs, and initiatives and assessing and strengthening their equity impacts; providing guidance regarding best uses of Federal, State, and local funding and regarding targeting and prioritization of people for access to housing opportunities; exploring feasibility of joint procurements that align essential housing and services resources; assessing and addressing challenges that smaller communities face in securing and implementing State funding; and identifying mechanisms for increasing access, and removing barriers to access, for people exiting homelessness to State-funded housing units and programs; and other priorities determined by the Working Group.

#### Participating Departments

HCFC, HCD, DSS, DHCS, CalOES, CDCR, CCC, Caltrans, and other Council departments with relevant funding programs

#### External Stakeholders and Partners

Stakeholders with expertise regarding financing homelessness and housing programs will be recruited to serve in advisory

capacity to the Working Group, which will be comprised of State staff.

#### Working Group Expected to Be Formed By

1st Quarter of FY 21-22

## 2. Racial Equity in Responses to Homelessness and Housing Instability Working Group

### Racial Equity Working Group

---

*Including both State staff and external stakeholders, and charged with:* expanding the range of strategies and activities being implemented by State agencies; analyzing data and reporting across State programs to assess equity in access, housing interventions, services, and outcomes for Black, Indigenous, and people of color; refining procurement processes to ensure more equitable distribution of funds and reach into historically marginalized communities, including Tribal communities; engaging with State agencies' Offices of Equity and the Department of Fair Employment and Housing more fully; providing guidance to support communities in not implementing inequitable policies and practices, including criminalization measures and enforcement activities; and other strategies and activities to address inequities in homelessness and housing instability determined by the Working Group of State staff and external stakeholders.

#### Participating Departments

All HCFC Member Departments

#### External Stakeholders and Partners

Stakeholders with expertise regarding addressing racial equity within efforts to prevent and end homelessness and to address housing instability will be recruited to serve on the Working Group, alongside State staff.

#### Working Group Expected to Be Formed By

2<sup>nd</sup> Quarter of FY 21-22

### 3. Tailoring Strategies for Preventing and Ending Homelessness for Youth and Young Adults

#### Youth and Young Adults Working Group

---

*Including both State staff and external stakeholders, and charged with:* complementing youth-focused efforts across the other Working Groups with a focus on: assessing the impact of State homelessness and housing programs in creating opportunities for youth and young adults; identifying and removing barriers to access to State-funded programs for youth-serving organizations; providing guidance regarding assessment processes, tools, and prioritization policies that appropriately address safety and other needs of youth and young adults appropriately; identifying strategies for preventing homelessness among youth with connections to child welfare, juvenile justice, and other systems; developing strategies to address the COVID-19 impacts on homeless and at-risk youth and young adults; and other priorities determined by the Working Group of State staff and external stakeholders.

#### Participating Departments

HCFC, CalOES, DSS, CCC, CDE, HCD, DHCS, CDCR

#### External Stakeholders and Partners

Stakeholders with expertise regarding preventing and ending youth and young adult homelessness will be recruited to serve on the Working Group, alongside State staff.

#### Working Group Expected to Be Formed By

3<sup>rd</sup> Quarter of FY 21-22

### 4. Strengthening Employment Opportunities and Outcomes for People with Experiences of Homelessness Working Group

#### Employment Working Group

---

*Including both State staff and external stakeholders, and charged with:* identifying strong and promising practices, including services, training, and social enterprise models, and opportunities for more formal evaluation activities; supporting stronger focus on employment and income within homelessness response systems; exploring opportunities to better serve vulnerable and underserved populations under the Workforce Innovation and Opportunities Act regulations and programs; identifying strategies to address education and employment goals of youth experiencing homelessness; increasing focus on creating employment opportunities through State programs and funding; gathering information from local, state, and national partners that can support asset and wealth building; and other priorities determined by the Working Group of State staff and external stakeholders.

#### Participating Departments

CDSS, HCD, CalOES, CDCR, Caltrans, CCC, and other State departments with relevant programs

#### External Stakeholders and Partners

Stakeholders with expertise regarding employment strategies for people experiencing homelessness and with barriers to employment will be recruited to serve on the Working Group, alongside State staff.

#### Working Group Expected to Be Formed By

4<sup>th</sup> Quarter of FY 21-22

## 5. Preventing Homelessness Among People Transitioning Back into Communities from Corrections Settings Working Group

### Transitions/Re-Entry Working Group

---

*Including both State staff and external stakeholders, and charged with:* strengthening efforts to prevent entries into homelessness for both youth and adults, including: identifying opportunities to scale up successful approaches identified through the Returning Home Well initiative; addressing the housing navigation needs of people exiting corrections settings; creating clearer expectations for discharge planning to support exits to stable living arrangements; strengthening coordinated handoffs from corrections and juvenile justice settings to transition services; reducing barriers to housing for people on parole/probation; analyzing data drawn from HDIS and other state, federal, and local data sources to better define barriers, inclusive or urban, suburban, and rural areas of state; and other priorities determined by the Working Group of State staff and external stakeholders.

#### Participating Departments

HCFC, CDCR, DSS, DHCS

#### External Stakeholders and Partners

Stakeholders with expertise regarding effectively supporting people to transition out of corrections settings will be recruited to serve on the Working Group, alongside State staff.

#### Working Group Expected to Be Formed By

1st Quarter of FY 22-23

# HOMELESSNESS IN CALIFORNIA

The most recent estimates are that, on any given night, more than 151,000 people are experiencing homelessness in California, representing more than one-quarter of all people experiencing homelessness in the United States, and including:

- Nearly 129,000 adult individuals
- More than 22,500 people in families with children
- Nearly 12,000 unaccompanied youth
- Nearly 11,000 Veterans
- And more than 39,000 chronically homeless individuals (people with disabilities with long-term and repeated patterns of homelessness)

Among California's homeless population, approximately 72% are unsheltered and 28% are sheltered. Unaccompanied youth have a higher rate of unsheltered homelessness than other populations, with about 8 in 10 of the nearly 12,000 homeless youth not having shelter on any given night across California. These staggering figures predate the current global economic and public health disasters which will deepen the crises experienced across the state.

Homelessness in California reflects stark racial inequities and the impacts of systemic racism. Predating our current crisis, the disproportionate negative impacts of system involvement in the criminal legal system, lack of quality and affordable health care, housing discrimination and the continued impacts of redlining policies, and a host of other socially-determined factors have had catastrophic impacts on Black, Indigenous, and people of color (BIPOC) in California. Black Californians make up about 7% of the state's population yet represent nearly one-third (29%) of the more than 151,000 people experiencing homelessness across the state.

The persistence of these racial inequities has been perpetuated by public policies that have actively worked to the disadvantage of BIPOC communities and require thorough analysis and urgent, innovative, and sustained actions to address, reduce, and eventually eliminate these disparities and achieve racial equity. Through this Action Plan, and through the formation of a new interagency, cross-sector Working Group described below, the Council and staff at HCFC are committed to centering a focus on racial equity and justice within data analyses, within training and technical assistance efforts, and within the implementation of State programs.

## 2019 Point-in-Time Counts

**38.3** in every **10,000** people were experiencing homelessness

- 128,777** individuals
- 22,501** people in families with children
- 11,993** unaccompanied homeless youth
- 10,980** veterans
- 39,275** chronically homeless individuals

# DEFINING AND MEASURING PROGRESS

As detailed below, this first-ever Action Plan for HCFC includes a strong commitment to accountability and performance measures, inclusive of Process Measures, Output Measures, and, when possible, Outcome Measures.

Simultaneous to the development of this Action Plan, HCFC staff have been developing the State's Homeless Data Integration System (HDIS) to securely collect, match, and de-duplicate records from local Homeless Management Information Systems (HMIS). HDIS will allow the State of California to access and compile standardized homelessness data collected by individual Continuums of Care (CoCs) in order to make data-driven policy decisions aimed at preventing and ending homelessness in California. Specifically, it will increase the State's ability to identify patterns of service usage across regions, specific sub-populations, and support broader efforts to identify racial and other inequalities among people experiencing homelessness.

HCFC will use data from HDIS, from the U.S. Department of Housing and Urban Development, and from the California Department of Education, to regularly analyze, review, report upon, and publicly share key measures (see next column) regarding homelessness in California, in order to assess the impact of Federal, State, and local efforts; document and analyze racial inequities; and refine this Plan's Objectives and Activities.

The number of **Californians experiencing sheltered and unsheltered homelessness at a point in time**, including Veterans, people experiencing chronic homelessness, families with children, adults, and unaccompanied youth.

# DEVELOPMENT OF THIS ACTION PLAN

Under the guidance and direction of the Council, and deeply informed by planning conversations with State staff and input discussions with external stakeholders, the development of this Action Plan has been led by HCFC staff and consultant Matthew Doherty, and the HCFC Council meetings have been used as critical milestones and decision points in its development. The planning process was initiated in July 2020, including surveying conversations with HCFC Council Members and the initiation of extensive external input conversations.

A special Council meeting was held in September 2020, focused on discussion of the Plan's Action Areas, in order to inform the development of the Plan's Objectives and Activities. The Plan's draft Objectives were adopted at the Council's October 2020 meeting, and the Council's December meeting focused on discussion of current and planned Activities across State agencies that are driving or will drive progress toward Plan Objectives, as well as potential priorities for additional State activities based on external stakeholder conversations and discussion with staff from State departments.

A draft of the Action Plan was discussed at a special meeting of the Council in February 2021, and revisions based upon that discussion, and based upon follow-up meetings with department staff, were incorporated into a final draft of the Action Plan which will be recommended for adoption at the Council's March 2021 meeting. [Text will be updated before publication.]

A list of organizations that have been represented within external stakeholder input conversations is included as **Appendix Exhibit B**, with regrets for any accidental omissions of organizations who participated in input discussions.

## **OBJECTIVES, ACTIVITIES, TIMEFRAMES, AND PERFORMANCE MEASURES**

Driving progress on preventing and ending homelessness, and toward racial equity, requires multi-pronged, multi-year strategies across sectors and systems, supported by data analyses, performance measures, and metrics to assess, refine, and revise those strategies. The development and adoption of this Action Plan is a significant step forward for HCFC and for the State of California. This Plan represents a commitment to action-oriented coordination across State agencies and programs and to deeper collaboration with public and private partners in communities, in pursuit of a future in which homelessness in California is a rare experience, prevented whenever possible, and is a brief and one-time experience when it cannot be prevented.

The tables on the following pages document this Action Plan's Objectives, planned Activities, Timeframes, and Performance Measures that will be used to assess the implementation of the Activities. Further, the departments with lead responsibility for implementing the Activities, their collaborating HCFC member departments, and other State departments that might be engaged into the Activities are clearly identified.

# Action Plan Objectives, Activities, Timeframes, & Performance Measures

**Action Area 1. Strengthening Our Systems to Better Prevent and End Homelessness in California**

---

**Action Area 2. Equitably Addressing the Health, Safety, and Services Needs of Californians Experiencing Unsheltered Homelessness**

---

**Action Area 3. Expanding Communities' Capacity to Provide Safe and Effective Sheltering and Interim Housing**

---

**Action Area 4. Expanding and Ensuring Equitable Access to Permanent Housing in Our Communities**

## Action Area 1. Strengthening Our Systems to Better Prevent and End Homelessness in California

Activities focused on pursuing racial equity in response to homelessness and housing instability; engagement and partnership with people with lived expertise from experiences of homelessness; supporting interjurisdictional and regional planning; partnerships to strengthen outcomes related to education, employment, income, and assets; disaster preparedness and response; and communications and public awareness.

### ▶ Objective 1

Strengthen racial equity-focused responses, strategies, and activities of State agencies and of local agencies and organizations receiving State funding for any homelessness services and housing activities.

### ▶ Objective 2

Ensure that State and local planning and decision-making processes are deeply informed and guided by recommendations from people with lived expertise from experiences of homelessness.

### ▶ Objective 3

Incentivize interjurisdictional and regional planning, decision-making, and accountability, and support capacity for such coordination through "mapping" and local gaps analysis activities focused on needs, demographics and inequities, and service delivery capacities.

### ▶ Objective 4

Enhance partnerships between homelessness services systems and services and systems which can support asset building and wealth building, including improving access to educational opportunities and employment services and employment for people experiencing and exiting homelessness.

### ▶ Objective 5

Support California communities to develop disaster preparedness plans that are more inclusive of the needs of people experiencing homelessness.

### ▶ Objective 6

Expand State communications efforts to create public awareness of the State's homelessness strategies, successes, challenges, and the importance of Housing First approaches.

## Action Area 5. Preventing Californians from Experiencing the Crisis of Homelessness

Activities focused on reducing entries into homelessness as people exit and/or receive services through State-funded programs and systems and enhancing communities' capacity to provide targeted homelessness prevention and diversion services and assistance.

### ► Objective 14

Reduce entries into homelessness as people exit and/or receive services from State-funded settings and systems, addressing racial inequities within risks of experiencing homelessness, with initial focus on people re-entering communities from jails and prisons, young adults connected to the child welfare and/or juvenile justice systems, and people exiting health care settings and programs.

### ► Objective 15

Enhance communities' capacity to provide targeted homelessness prevention interventions and to successfully divert people from entering shelter or experiencing unsheltered homelessness.

## Exhibit A. Statutory Requirements for the California Homeless Coordinating and Financing Council

*HCFC staff have projected activities within this Action Plan that are aligned with and will move its work towards meeting the statutory goals below. Subsequent progress reports regarding this Action Plan will include documentation of the extent of progress toward fulfilling those statutory requirements.*

### **Welfare and Institutions Code - WIC**

DIVISION 8. MISCELLANEOUS [8050 - 8261]

(Division 8 repealed and added by Stats. 1967, Ch. 1667. )

### **CHAPTER 6.5. Housing First and Coordinating Council [8255 - 8257]**

(Chapter 6.5 added by Stats. 2016, Ch. 847, Sec. 2. )

For purposes of this chapter:

(a) "Coordinating council" means the Homeless Coordinating and Financing Council established pursuant to Section 8257.

(b) "Core components of Housing First" means all of the following:

- (1) Tenant screening and selection practices that promote accepting applicants regardless of their sobriety or use of substances, completion of treatment, or participation in services.
- (2) Applicants are not rejected on the basis of poor credit or financial history, poor or lack of rental history, criminal convictions unrelated to tenancy, or behaviors that indicate a lack of "housing readiness."
- (3) Acceptance of referrals directly from shelters, street outreach, drop-in centers, and other parts of crisis response systems frequented by vulnerable people experiencing homelessness.
- (4) Supportive services that emphasize engagement and problem solving over therapeutic goals and service plans that are highly tenant-driven without predetermined goals.
- (5) Participation in services or program compliance is not a condition of permanent housing tenancy.
- (6) Tenants have a lease and all the rights and responsibilities of tenancy, as outlined in California's Civil, Health and Safety, and Government codes.
- (7) The use of alcohol or drugs in and of itself, without other lease violations, is not a reason for eviction.

(8) In communities with coordinated assessment and entry systems, incentives for funding promote tenant selection plans for supportive housing that prioritize eligible tenants based on criteria other than “first-come-first-serve,” including, but not limited to, the duration or chronicity of homelessness, vulnerability to early mortality, or high utilization of crisis services. Prioritization may include triage tools, developed through local data, to identify high-cost, high-need homeless residents.

(9) Case managers and service coordinators who are trained in and actively employ evidence-based practices for client engagement, including, but not limited to, motivational interviewing and client-centered counseling.

(10) Services are informed by a harm-reduction philosophy that recognizes drug and alcohol use and addiction as a part of tenants' lives, where tenants are engaged in nonjudgmental communication regarding drug and alcohol use, and where tenants are offered education regarding how to avoid risky behaviors and engage in safer practices, as well as connected to evidence-based treatment if the tenant so chooses.

(11) The project and specific apartment may include special physical features that accommodate disabilities, reduce harm, and promote health and community and independence among tenants.

(c) “Homeless” has the same definition as that term is defined in Section 91.5 of Title 24 of the Code of Federal Regulations.

(d) (1) “Housing First” means the evidence-based model that uses housing as a tool, rather than a reward, for recovery and that centers on providing or connecting homeless people to permanent housing as quickly as possible. Housing First providers offer services as needed and requested on a voluntary basis and that do not make housing contingent on participation in services.

(2) (A) “Housing First” includes time-limited rental or services assistance, so long as the housing and service provider assists the recipient in accessing permanent housing and in securing longer-term rental assistance, income assistance, or employment.

(B) For time-limited, supportive services programs serving homeless youth, programs should use a positive youth development model and be culturally competent to serve unaccompanied youth under 25 years of age. Providers should work with the youth to engage in family reunification efforts, where appropriate and when in the best interest of the youth. In the event of an eviction, programs shall make every effort, which shall be documented, to link tenants to other stable, safe, decent housing options. Exit to homelessness should be extremely rare, and only after a tenant refuses assistance with housing search, location, and move-in assistance.

(e) “State programs” means any programs a California state agency or department funds, implements, or administers for the purpose of providing housing or housing-based services to people experiencing homelessness or at risk of homelessness, with the exception of federally

funded programs with requirements inconsistent with this chapter or programs that fund emergency shelters.

*(Added by Stats. 2016, Ch. 847, Sec. 2. (SB 1380) Effective January 1, 2017.)*

8256.

(a) Agencies and departments administering state programs created on or after July 1, 2017, shall collaborate with the coordinating council to adopt guidelines and regulations to incorporate core components of Housing First.

(b) By July 1, 2019, except as otherwise provided in subdivision (c), agencies and departments administering state programs in existence prior to July 1, 2017, shall collaborate with the coordinating council to revise or adopt guidelines and regulations that incorporate the core components of Housing First, if the existing guidelines and regulations do not already incorporate the core components of Housing First.

(c) (1) An agency or department that administers programs that fund recovery housing shall comply with the requirements of subdivision (b) by July 1, 2022.

(2) Until July 1, 2022, an agency or department that administers programs that fund recovery housing shall additionally do all of the following:

(A) In coordination with the Homeless Coordinating and Financing Council, consult with the Legislature, the Business, Consumer Services, and Housing Agency, the federal Department of Housing and Urban Development, and other stakeholders between July 1, 2020, and January 1, 2022, to identify ways to improve the provision of housing to individuals who receive funding from that agency or department, consistent with the applicable requirements of state law.

(B) Comply with the core components of Housing First, other than those components described in paragraphs (5) to (7), inclusive, of subdivision (b) of Section 8255.

(C) Ensure that recovery housing programs meet the following requirements:

(i) A recovery housing program participant shall sign an agreement upon entry that outlines the roles and responsibilities of both the participant and the program administrator to ensure individuals are aware of actions that could result in removal from the recovery housing program.

(ii) If a recovery housing program participant chooses to stop living in a housing setting with an abstinence focus, is discharged from the program, or is evicted from housing, the program administrator shall offer assistance in accessing other housing and services options, including options operated with harm-reduction principles. To the extent practicable, this assistance shall include connecting the individual with alternative housing providers,

supportive services, and the local coordinated entry system, if applicable. This clause does not apply to an individual who leaves the program without notifying the program administrator.

(iii) The recovery housing program administrator shall track and report annually to the program's state funding source the housing outcome for each program participant who is discharged.

(3) For purposes of this subdivision, "recovery housing" means sober living facilities and programs that provide housing in an abstinence-focused and peer-supported community for people recovering from substance use issues. Participation is voluntary, unless that participation is pursuant to a court order or is a condition of release for individuals under the jurisdiction of a county probation department or the Department of Corrections and Rehabilitation.

*(Amended by Stats. 2020, Ch. 264, Sec. 28. (AB 107) Effective September 29, 2020.)*

8257.

(a) The Governor shall create a Homeless Coordinating and Financing Council.

(b) The council shall have all of the following goals:

(1) To oversee implementation of this chapter.

(2) To identify mainstream resources, benefits, and services that can be accessed to prevent and end homelessness in California.

(3) To create partnerships among state agencies and departments, local government agencies, participants in the United States Department of Housing and Urban Development's Continuum of Care Program, federal agencies, the United States Interagency Council on Homelessness, nonprofit entities working to end homelessness, homeless services providers, and the private sector, for the purpose of arriving at specific strategies to end homelessness.

(4) To promote systems integration to increase efficiency and effectiveness while focusing on designing systems to address the needs of people experiencing homelessness, including unaccompanied youth under 25 years of age.

(5) To coordinate existing funding and applications for competitive funding. Any action taken pursuant to this paragraph shall not restructure or change any existing allocations or allocation formulas.

(6) To make policy and procedural recommendations to legislators and other governmental entities.

(7) To identify and seek funding opportunities for state entities that have programs to end homelessness, including, but not limited to, federal and philanthropic funding opportunities, and to facilitate and coordinate those state entities' efforts to obtain that funding.

- (8) To broker agreements between state agencies and departments and between state agencies and departments and local jurisdictions to align and coordinate resources, reduce administrative burdens of accessing existing resources, and foster common applications for services, operating, and capital funding.
- (9) To serve as a statewide facilitator, coordinator, and policy development resource on ending homelessness in California.
- (10) To report to the Governor, federal Cabinet members, and the Legislature on homelessness and work to reduce homelessness.
- (11) To ensure accountability and results in meeting the strategies and goals of the council.
- (12) To identify and implement strategies to fight homelessness in small communities and rural areas.
- (13) To create a statewide data system or warehouse that collects local data through Homeless Management Information Systems, with the ultimate goal of matching data on homelessness to programs impacting homeless recipients of state programs, such as Medi-Cal (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9) and CalWORKs (Chapter 2 (commencing with Section 11200) of Part 3 of Division 9).
- (14) Setting goals to prevent and end homelessness among California's youth.
- (15) Working to improve the safety, health, and welfare of young people experiencing homelessness in the state.
- (16) Increasing system integration and coordinating efforts to prevent homelessness among youth who are currently or formerly involved in the child welfare system or the juvenile justice system.
- (17) Leading efforts to coordinate a spectrum of funding, policy, and practice efforts related to young people experiencing homelessness.
- (18) Identifying best practices to ensure homeless minors who may have experienced maltreatment, as described in Section 300, are appropriately referred to, or have the ability to self-refer to, the child welfare system.

- (c) (1) The Governor shall appoint up to 19 members of the council as follows:
  - (A) The Secretary of Business, Consumer Services, and Housing, or the secretary's designee, who shall serve as chair of the council.
  - (B) A representative from the Department of Transportation.
  - (C) A representative from the Department of Housing and Community Development.
  - (D) A representative of the State Department of Social Services.
  - (E) A representative of the California Housing Finance Agency.
  - (F) A representative of the State Department of Health Care Services.
  - (G) A representative of the Department of Veterans Affairs.

- (H) A representative of the Department of Corrections and Rehabilitation.
- (I) A representative from the California Tax Credit Allocation Committee in the Treasurer's office.
- (J) A representative of the Victim Services Program within the Division of Grants Management within the Office of Emergency Services.
- (K) A representative from the State Department of Education.
- (L) A representative of the state public higher education system who shall be from one of the following:
  - (i) The California Community Colleges.
  - (ii) The University of California.
  - (iii) The California State University.
- (M) A formerly homeless person who lives in California.
- (N) A formerly homeless youth who lives in California.
- (O) Two representatives of local agencies or organizations that participate in the United States Department of Housing and Urban Development's Continuum of Care Program.
- (P) State advocates or other members of the public or state agencies, at the Governor's discretion.

(2) The Senate Committee on Rules and the Speaker of the Assembly shall each appoint one member to the council from two different stakeholder organizations.

(3) The council may, at its discretion, invite stakeholders, individuals who have experienced homelessness, members of philanthropic communities, and experts to participate in meetings or provide information to the council.

(d) The council shall hold public meetings at least once every quarter.

(e) The members of the council shall serve at the pleasure of the appointing authority.

(f) Within existing funding, the council may establish working groups, task forces, or other structures from within its membership or with outside members to assist it in its work. Working groups, task forces, or other structures established by the council shall determine their own meeting schedules.

(g) The members of the council shall serve without compensation, except that members of the council who are, or have been, homeless may receive reimbursement for travel, per diem, or other expenses.

(h) The Business, Consumer Services, and Housing Agency shall provide staff for the council.

(i) The members of the council may enter into memoranda of understanding with other members of the council to achieve the goals set forth in this chapter, as necessary, in order to facilitate communication and cooperation between the entities the members of the council represent.

(j) There shall be an executive director of the council under the direction of the Secretary of Business, Consumer Services, and Housing.

(k) The council shall be under the direction of the executive director and staffed by employees of the Business, Consumer Services, and Housing Agency.

*(Amended by Stats. 2019, Ch. 345, Sec. 1.5. (SB 687) Effective January 1, 2020.)*
